

# THE CLAREMONT INSTITUTE SOCIETIES

Your generosity sustains the Claremont Institute's scholars and core work, including its fellowships and publications. In recognition of that support, we are pleased to welcome you to the Claremont Institute Societies. Society membership reflects annual giving over a rolling 12-month period and offers opportunities for engagement with Claremont's work throughout the year. These opportunities are extended selectively and with discretion, reflecting both the seriousness of that work and the varied ways our supporters choose to engage. *All recognition and communications are opt-in; you may adjust preferences at any time.*
